5. Advocacy for the Parents, Children and Staff in the Family Day Care Home	ECE-5 Working with Families SAC-5 Working with Families ECE-7 Professionalism SAC-7 Professionalism ADM-3 Marketing

orientation. For the training requirement, applicants must have **two hours** of training in each of the following five areas from state-approved sources for a total of **10 hours**.

If a training session is longer than two hours, the first two hours may be counted in one area and any remaining hours may be counted in another area where the same competencies are required. For example, Ms. Smith took a three hour training course in "Classroom Management-Preschoolers." This training is approved to meet the competencies for Child Development and Effective Administrative Systems. This training could count for **two** hours in the area of Early Learning Standards **and one** hour in the area of Professional and Leadership Development. A training session may not be counted in more than one area unless it's longer than **two** hours and meets the competency requirements for both areas.

TWO OPTIONS TO FIND TRAINING

- 1. Search all trainings:** Go to the Georgia Early Care and Education Professional Development System website at www.training.decal.state.ga.us, click **Find Training** and select the **General Search** option. The **Advanced Search** option will allow you to search by competency goal (i.e., ECE-1 Child Development), as well as training region, focus, and level. Both the **Basic Search** and **Advanced Search** options will allow you to search by keyword, such as “Child Development,” “Program Management,” “Nutrition,” etc. Once you find a training that meets your needs, contact the trainer to find out when and where he or she will be offering the training.
- 2. Search the Training Calendar:** Go to the Georgia Early Care and Education Professional Development System website at www.training.decal.state.ga.us, click **Find Training** and select the **Training Calendar** option. The **Course Search** option will allow you to search by competency goal (i.e., ECE-1 Child Development), as well as date and training region, focus, and level.
